March, 2010

Dear gospel partners,

God's goodness to us has been very evident during the past couple months—a few highlights:

- Judson Crowley Farmer arrived February 7. Judson is adjusting well, and we're all loving having a boy in the house.
- For the past 2 months, we've more or less stayed put in the Greenville area where I've shared our mission with several churches. Bonnie Ruth and I both have family in the area, so we've had a great time getting some extra time with them. And they've been a huge help, particularly with the arrival of a new baby.
- While in Greenville, we've been able to cross paths several times with JD Crowley and family. This has been especially encouraging, and helpful too, as they've been able to answer many questions about our upcoming move to Cambodia.
- This weekend, we'll be hitting the road again, heading to Tennessee, Kentucky, and then New England.

Please continue to pray for and with us:

- We're continuing to pursue relationships with churches and individuals who would make the mission to the Lao their own. Please pray that God would direct us and our future partners to each other. We are very encouraged to be at 40% of our needed support.
- Please pray for our family, that the God of endurance and encouragement would enable us to live in such harmony with one another, in accord with Christ Jesus, that together we might with one voice glorify Him. Specifically, we want to see Him do this as we seek to educate our girls (Abi and Isa in K-5) while working through a busy travel schedule.
- Please pray that God would raise up gospel churches for Laotians throughout Stung Treng province and that these would be instrumental in reaching Laos with the gospel.

Thank you, brothers and sisters, for your partnership in the gospel. May the God of peace be with you.

Jeremy
